Dear Jim:

I can't tell you how much I appreciate your nice letter of December 26. Your mission to us is probably the most salutary single event that has happened in this planet in the last 2,000 years. The directions given us by Jesus, Cato, Count St. Germaine, and Zoser give significant direction and material that is only intended for the "few." I have listened to both tapes at least four or five times and have held single sessions with Mike and Lynne. We are planning to hold group meetings every week from now on. I will conduct these as long as I am in Michigan for there is a possibility that we will go to Arizona before the winter is over. The meetings will continue after my departure.

The first few meetings are going to be devoted solely to the tapes and complete assimilation of the instructions given so that each and every one of us know precisely the entire story. We will then undertake to carry out those matters of spirit that will teach each of us how to find the alternate state. After this step we can then begin to structure the foundation, the whole process of which will take five years. The first year is devoted to our self-advancement, followed by the next two years of foundation structuring, and then two more years to round out the five year program to make an initial beginning.

During the month of January I will be exceedingly pressed for time handling my business affairs. This means that I cannot devote as much time to the foundation as I would normally like. However, I am hopeful that developments will give me more time as we proceed along the way.

On the tapes mention was made to the misuse on Atlantis of the physical therapy machine. You will recall that "Helen", the channel for the Miracle material, gave a 40 page description of this equipment, which was given to me. Since we are to be dealing with similar equipment we will be learning new techniques to bring unity and balance. This prompts me to ask if the Miracle material is to play a role in our affairs; and if so, who prepared it and for whom is it principally intended?

I was most interested in Mike's information concerning the fact that when I was King Francis I of France, Mike was my son. It is my understanding that his wife

at that time was his present wife and that she was a sister of the Pope at Rome. I engineered the marriage due to the expedient relations between the French government and the Roman Catholic church at that particular time. I was glad that Mike told me this and I would appreciate anything else you may wish to give us concerning that incarnation. Sounds as if it was a very interesting period for all of those who participated. I do recall that previously you said that Margaret was my personal physician at that time. I am wondering, therefore, if any of the others in our group might have been present at that time in France.

I also told Mike concerning the information you previously gave me about the fact that Michael had told you in designing the foundation seal that the initial "M" could be removed and "JEF" inserted therein. I would appreciate a reconfirmation of this. I had intended in the design that gold and azure blue would be part of the color scheme. Aside from that I have not asked our artists here to pursue the matter, but intend to do so momentarily.

In the meantime, I have just received your letter containing the message from Michael. I am too overwhelmed to try to comment on it now. So much has been given us that we will do our best to completely assimilate as soon as we can. We need all the energy the Hierarchy will give us.

It is my sincere hope that you had a nice Christmas and, of course, we know the year ahead will be eventful but hope satisfying for all. Incidentally, did you find the Christmas card I put in your briefcase? As I recall I put it in an outside zipper pocket and if you did not find it, please look for it there.

Keep strong! Peace and love,

Sincerely,

John E. Fetzer
